

**A-1 GUARANTEED**  
Heating & Air, Inc.  
FAMILY OWNED & OPERATED

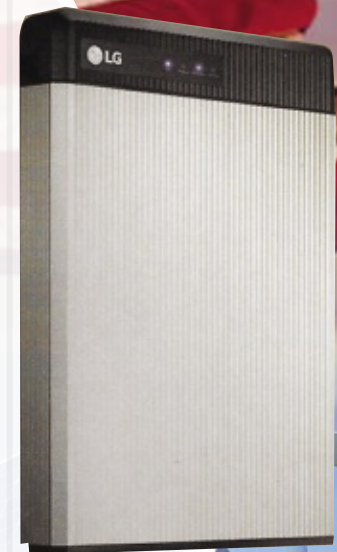

# Exciting New Product Available!

*Great news for our customers who currently have solar or have been considering solar for your home!*

## We now install Solar Batteries!

- Allows your home to continue to operate when the Utility Company turns the power off.
- Monitor the battery status, PV production, remaining backup power and self-consumption data.
- Stores PV power directly to the battery without A/C conversion losses
- Runs home through peak hours

Call now for a no obligation quote for either adding a Battery to your existing Solar or our Solar and Battery package

**CALL TODAY FOR A FREE NO OBLIGATION QUOTE!**
