

Spring HOME IMPROVEMENT Guide

A-1 GUARANTEED HEATING & AIR, INC.

A-1 Guaranteed Heating & Air Inc. wants to share some information it knows customers will appreciate. Richard and Krissy Hiteshew, owners of the company since 1996, said A-1 Guaranteed has been partnered with EnergyUpgradeCA which is a program created to reduce energy use. It's a limited-time opportunity for homeowners to get between \$1,000 - \$4,500 in incentives just for making qualifying energy efficiency upgrades to their homes! Not to mention tax credits which are available for qualifying measures. The program is a partnership between the California Energy Commission and the California Public Utilities Commission, and it's financially supported in part by local utility companies.

Company President Richard Hiteshew holds C-36 (plumbing), A (general) & C20 (mechanical) State Contractor licenses. This means we are able to provide a multitude of Energy Efficient Measures including but not limited to Heating & Air Conditioning, Duct Replacement, Air Sealing, Tankless Water Heaters, Solar Installation and even Window Installation! Upgrading your home to be more energy efficient can mean lower bills every month. When your home is more energy efficient, it can be more comfortable—cozy and warm in the winter and cool in the

summer, said Krissy Hiteshew, Vice President.

A-1 Guaranteed is also Building Performance Institute (BPI) certified. "When you use a BPI-Certified professional, you get a member of the elite - someone who has proven that they have the knowledge and skills to diagnose the root cause of the problems in your house, and the ability to provide solutions to fix it right the first time," she said. That means you get your money's worth - a comfortable, safe, durable home with improved indoor air quality and lower energy bills" Krissy said.

"We are a Certified Green Company, Vallejo's first Certified Green Company, a Certified Recycler, Diamond Certified, NATE (North American Technician Excellence) Certified, and have won 'Best of Solano County' for nine years and KRON4 'Best of the Bay' for four years."

five-year parts and labor warranty on any new install, as well as 100-percent customer satisfaction, Krissy said. "If for any reason within the first year you are not 100-percent satisfied with your new system, we will make it right or we will remove the system and gladly refund 100 percent of your investment — that's how confident we are in what we do."

In addition to all of the above mentioned service, we offer air purification systems that help those with allergies, asthma and other breathing issues, Krissy said. Clean Ef-

fects, a whole-house cleaner that removes more than 90 percent of the allergens in a home's air, is a product the Hiteshews have put in their own home because two of their children suffer from allergies. Even when they have horrible days outdoors, Krissy said, the children can be comfortable inside - because thanks to Clean Effects, their symptoms pretty much disappear.

A-1 Guaranteed is a family business that puts customers first. "If it weren't for the customers, we wouldn't be here," Krissy said. A-1

Guaranteed also believes in community involvement. They sponsor multiple sports groups and work to bring awareness to many nonprofits and their causes.

The business started when Richard, who worked in the heating and air conditioning sector growing up, decided to open his own business, starting in their garage and building the company for the past 18 years.

They now have over 20 employees. "We've been blessed by the community. We know the reason we are

still in business is because of our customers," Krissy said. "We want to give back. If you mention a nonprofit when we do your business, we will even give back to that organization a portion of our proceeds. "We really try to go that extra mile," she said.

A-1 Guaranteed is located at 1768 Broadway in Vallejo. Business hours are from 8 a.m. to 5 p.m. Monday through Friday and Saturdays by appointment. For more information, call 707-645-0734 or visit the company's website, www.a1guaranteed.com, or find them on Facebook. ■
